Wireless Receiver

No. of Wireless Receiver	1
Antenna (external)	Dual Omni-directional
RFID Frequency	2.4 GHz
Light Indicator	Red and Green
Material	ABS
Wireless Communication Range	30 meters
Data Interface	USB Type B
Power	USB

Teacher Clicker

No. of clickers	1
RFID Frequency	2.4 GHz
Material	ABS Polycarbonate
Response Options	Page up/down, A-D, OK
Display	Signal Intensity, Teacher ID, Operation Instructions, Battery
Question Start and End	Yes
Wireless Communication Range	30 meters
Lifeline Option	Yes
Next and Back Question change	Yes

Student Clicker

No. of clickers	50
RFID Frequency	2.4 GHz
Power	Push button for power ON/OFF
Response Options	0-9, A-F, Yes/No Input and automatic switch over
Material	ABS Polycarbonate
Display	Signal Intensity, Battery, ID, Operation Instructions
Backup	80,000 of Answering or up to 12 months
Wireless Communication range	100 meters
